What's new?

01

Allowing all means
of proof including
admissible
evidence

02

Observing the
legal description
of the crime for
conviction

Saudi National
Day 91

Forming Artificial Intelligence unit to enhance performance and quality

The Ministry of Justice has formed an artificial intelligence unit in order to implement A.I. tech at various justice sectors.

Goals

01

Govern
developmental
and operational
work

02

Supervise
implementation
plans

03

Improve the
efficiency of
development
teams

04

Enhance client
experience

05

Ensure the
quality of smart
services

06

Raise
operational
efficiency

Saudi National
Day 91

Consolidating property title deeds
based on approved

plans

A royal order has stated that property title deeds based on approved regulatory plans shall not be suspended or revoked.

The goal is to enhance the reliability
of property title deeds

Saudi National
Day 91

Launching Scholarly Judicial e-Portal

The portal contains 30,000 rulings and 2,500 thematic categories.

Goals

02

Enrich legal culture of the community

01

Enhance the values of justice and transparency

03

Provide a unified platform for judicial information

Features

01

Accuracy and subject classification

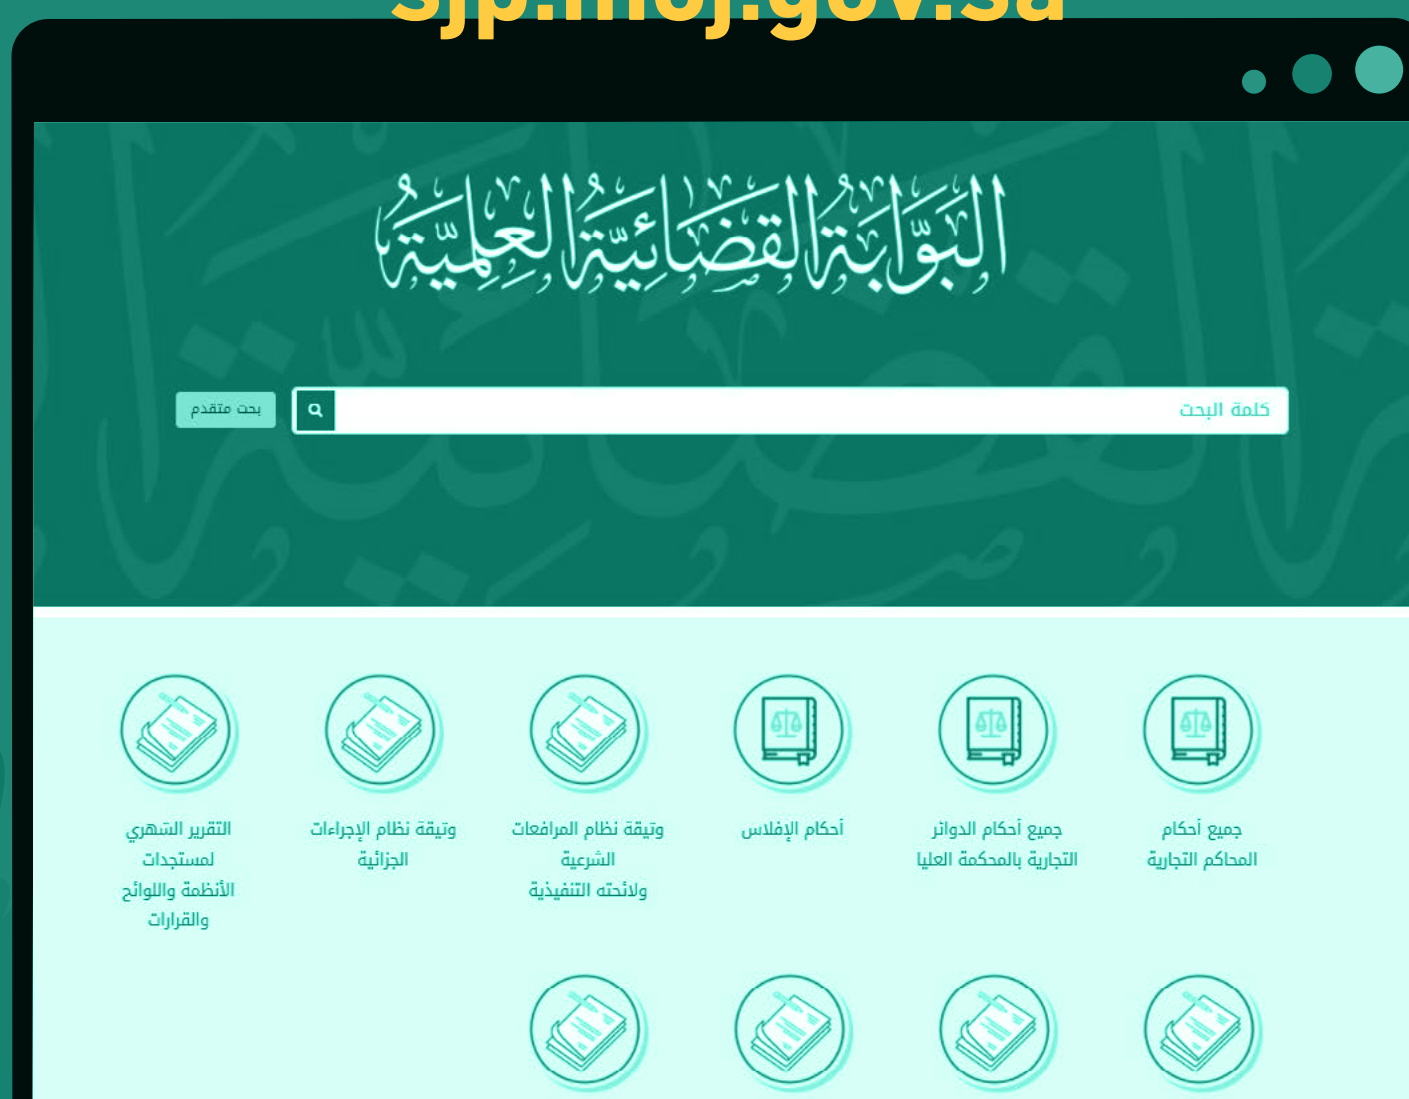

02

Clear arrangement themes

03

Modern layout for displaying content

sjp.moj.gov.sa

Saudi National
Day 91

Forming Legislation Office

The Ministry of Justice has formed a legislation office as a professional experience authority leading legislative development towards an outstanding legislative environment that contributes to realizing swift justice and development objectives.

Goals

01

Develop methodological and institutional framework for creating legislation to ensure sustainable professionalism

02

Develop legislative framework for the judiciary, enforcement, notarization, and other judicial services

Saudi National
Day 91

Establishing unit for monitoring international indicators

The Ministry of Justice has formed a unit for monitoring international legal indicators and reports in order to watch and study such indicators and reports.

Goals

01

Act as an authority on international indicators and reports

02

Monitor the Kingdom's advance in international indicators

03

Study international legal indicators and reports

04

Work on raising the Kingdom's rankings

Saudi National
Day 91

Issuing Law of Commercial Courts and its implementing regulations

Issued in early 2020, the Law of Commercial Courts is the legislative arm of commercial courts, ensuring quality, efficiency, orderly procedures, and the support of digital transformation. The Minister of Justice has also issued a decision approving the implementing regulations of the Law.

Features

01

Stating rules for special agreement between parties

02

Organizing judicial panels according to specialized types of cases

03

Setting time frames and rules for lack of jurisdiction and limitation

04

Stating procedures for e-litigation and remote hearings

05

Requiring an attorney for certain types of cases

Saudi National
Day 91

Approving professional rules for lawyers

Saudi Justice Minister Walid al-Samaani has approved professional rules for lawyers and an amendment of the regulations of the Code of Law Practice.

Goals

01

Develop and advance
law practice standards

02

Control the
responsibility of
lawyers in their
practice

03

Enhance legal
protection for lawyers,
clients, and other
parties

04

Boost the efficiency of
the justice system by
increasing the number
of legal professionals

05

Enhance transparency
and responsibility in
law practice

Saudi National
Day 91

Sorting out children's rights

before divorce

The Minister of Justice has issued a decision adding an article to the regulations of the Civil Procedure Law, which contributes to the protection of families.

How?

By setting a mechanism for sorting out child custody and visitation issues before the certification of divorce, through amicable agreement or litigation within 30 days as of the first hearing.

Saudi National
Day 91

The mother has the right to **child custody**

The Minister of Justice has issued a circular ordering the certification of child custody for mothers without them having to file a lawsuit when there is no dispute with the children's father.

When?

In cases where there is no dispute
with the children's father

Saudi National
Day 91

The Minister of Justice has issued an order to all courts emphasizing the statutory texts of the Law of Protection from Abuse and the Law of Child Protection in cases related to children.

Result

Regarding failure to pay legal
maintenance a form of violence
against children

Saudi National
Day 91

Rules for hearing 'Adl cases

The rules include

- The judicial panel shall decide on the case within 30 days.
- Further postponement for the same reason is not allowed.
- Postponement shall not exceed 10 days.
- A reason is required for postponement.
- The case can be filed by the woman or a person with interest such as her mother or brother.
- The case shall not be postponed unless absolutely necessary.
- The fiancé does not have to appear in person.

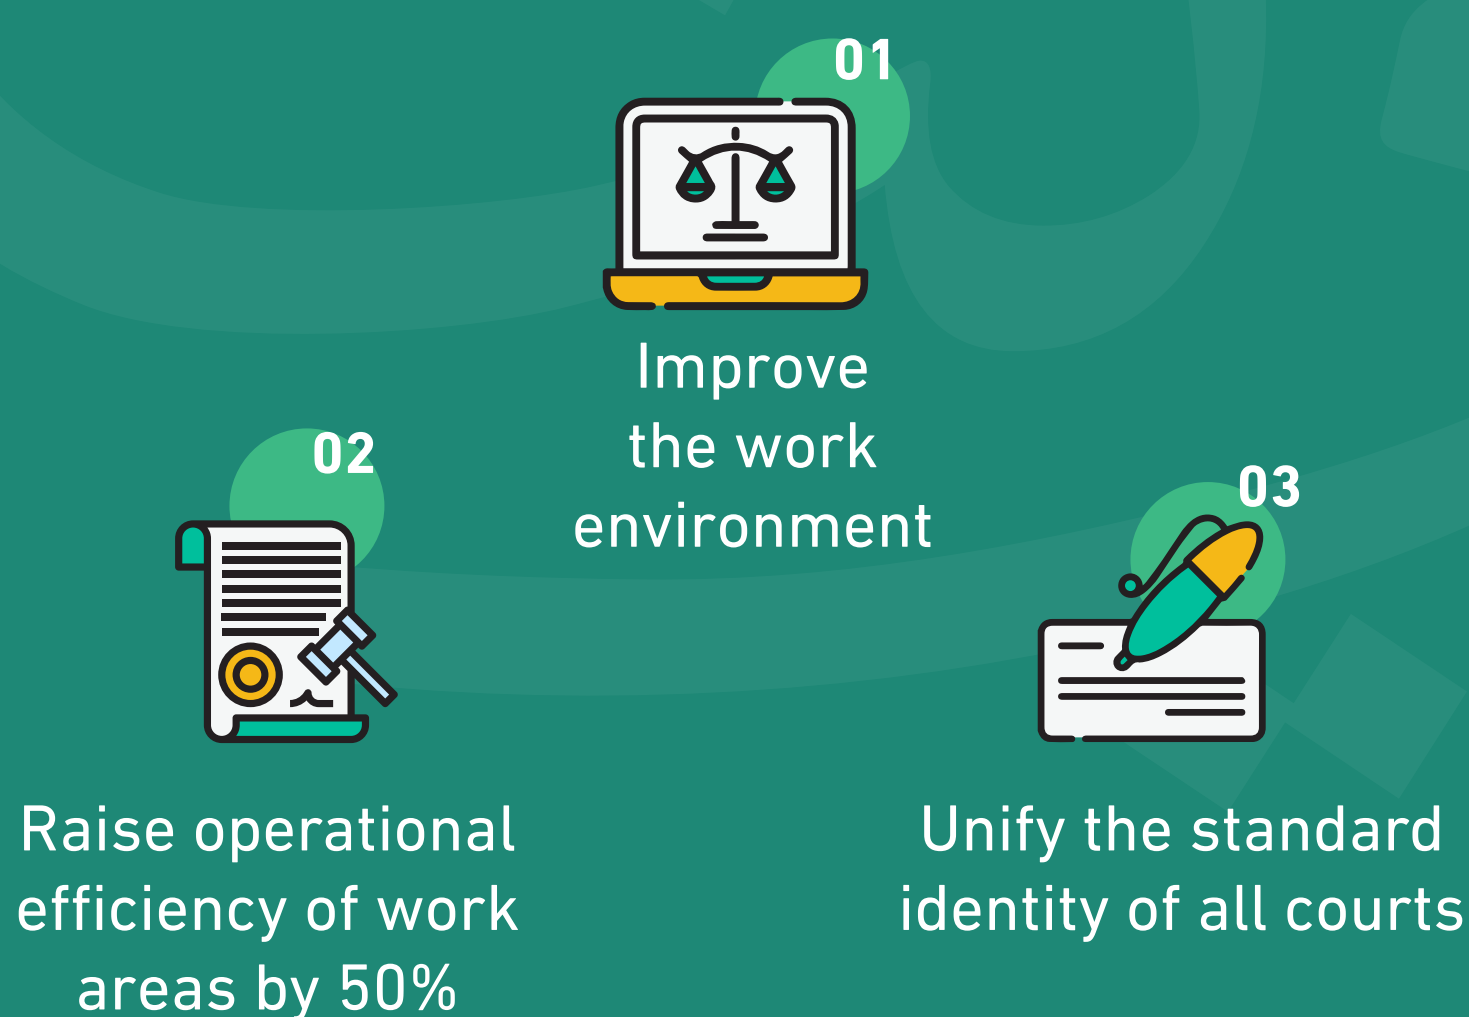

Saudi National
Day 91

Launching the first model court

Saudi Justice Minister Walid al-Samaani has launched the first model court (the Riyadh Family Court). The Ministry implemented the standardized identity for courts in June 2021.

What will change in courts?

Saudi National
Day 91

Forming eight judicial panels for medical malpractice cases

The Minister of Justice has decided that medical malpractice cases shall be under the territorial jurisdiction of the Riyadh General Court and the Riyadh Region Appellate Court. Competent panels may also hold hearings remotely.

Eight panels at the General Court

01

Each consists
of three judges

02

Competent to
hear medical
malpractice cases

Two panels at the Appellate Court

01

Each consists
of three judges

02

Competent to hear
challenges of
rulings on medical
malpractice cases

Saudi National
Day 91

Providing interpreters for languages 18

The Ministry of Justice has implemented the Unified Translation Center, which provides remote interpretation services reliably to litigants who don't speak Arabic.

Goals of the Unified Translation Center

01

Ensure the realization of swift justice

02

Save litigants and courts money and effort

03

Save litigants and courts money and effort

Saudi National
Day 91

Completing

Specialized justice system

The specialized justice system of Saudi Arabia has been completed with the activation of commercial courts and launch of labor courts.

Achievements

All specialized public courts have been implemented: general, criminal, family, commercial, labor and enforcement courts. The goal is to consolidate judicial principles and improve output.

Saudi National
Day 91

Small claims cases that cannot be appealed

The Supreme Judicial Council has classified certain labor cases as small claims that cannot be appealed after the ruling has been issued by a first-instance court.

What are small claims cases?

01

Labor cases involving claims for no more than SAR 50,000

02

Complaints of employers or employees whose challenges of GOSI decisions have been rejected

03

Challenging employer's penalties except terminations

04

Demanding documents deposited with the employer

05

Demanding experience certificate

06

Challenging the decisions of Domestic Workers' Committees

Saudi National
Day 91

Filing labor claims through

Najiz portal

The Ministry of Justice has enabled filing all labor court cases through the Najiz.sa portal after fulfilling the procedural requirements for each type of cases.

Goals

01

Abridge the
duration of
litigation

02

Improve the
quality of output

03

Ensure accurate
statement of
claim

04

Expedite the
acceptance of
cases

05

Fulfill all
requirements for
filing a case

06

Enhance the
efficiency of the first
hearing

Saudi National
Day 91

Case Verification Center

The Ministry of Justice has launched the Case Verification Center, which fully prepares cases before registration and ensures the fulfillment of all requirements before referral to the judicial panel.

Achievements

01

Unified
verification
procedures

02

Boosted operational
efficiency of courts

03

Improved
statements of
claim

04

Standardized
statements of
claim

05

Enhanced the
efficiency of the
first hearing

Saudi National
Day 91

Case Preparation Center

The Ministry of Justice has launched the Case Preparation Center as an independent operational system that remotely provides several judicial services to first-instance and appellate courts.

Goals

01

Implement
institutional
justice system

02

Raise the
operational
efficiency of courts

03

Improve the
performance of
judicial support
operations

04

Enhance the
quality of judicial
services

Saudi National
Day 91

Abridging case categories

The Ministry of Justice has abridged case categories from 1,300 categories to only 300 at various courts through an upgraded statement of claim service on Najiz.sa portal.

Breakdown of categories

40

family court
categories

50

general court
categories

110

criminal court
categories

20

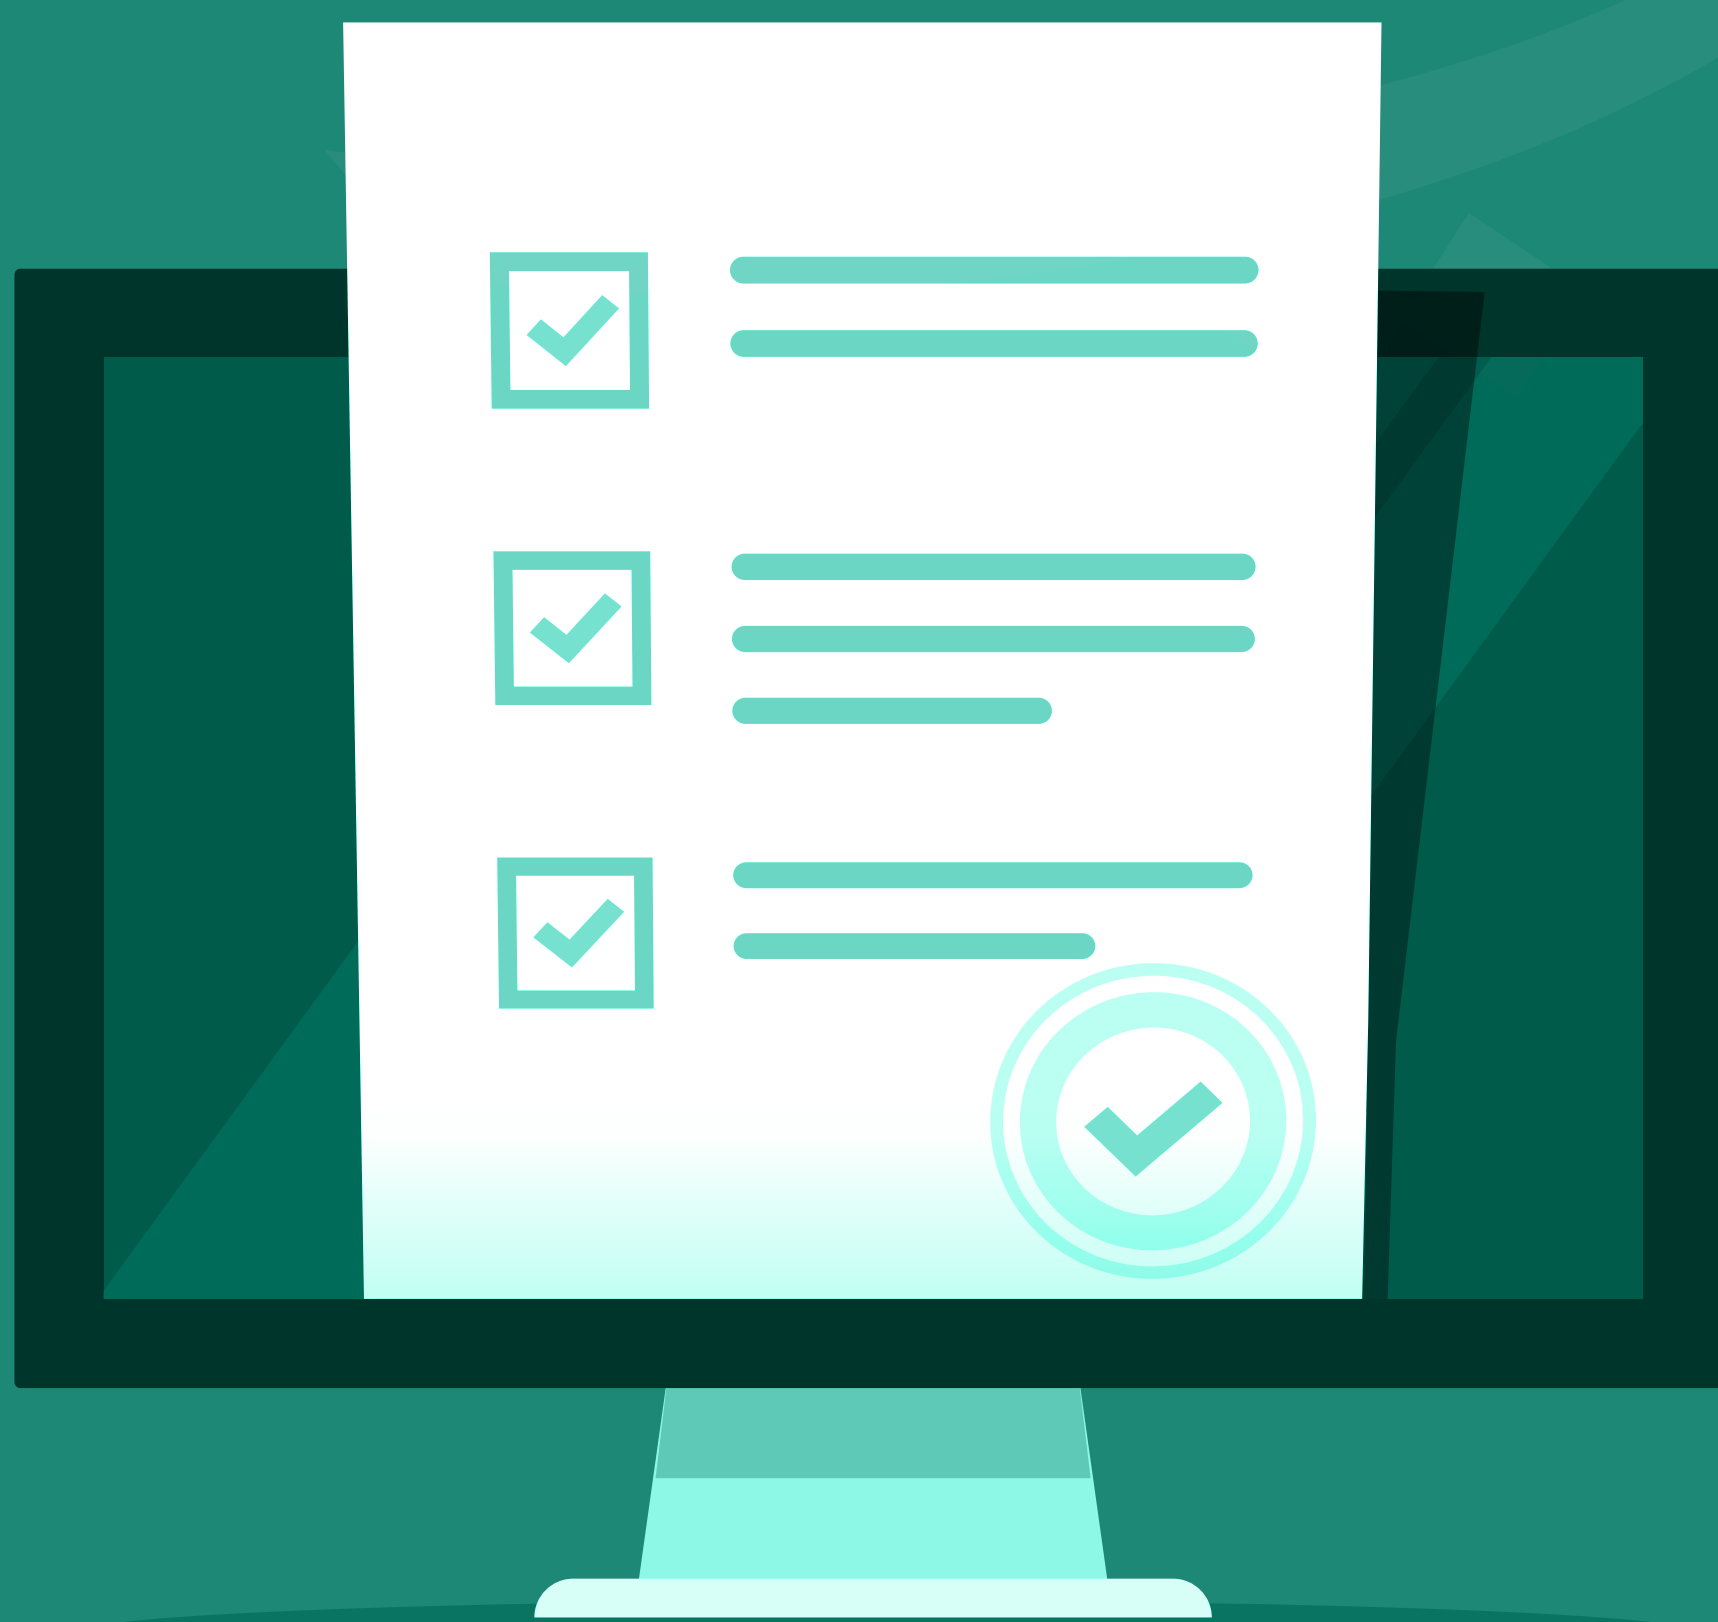

enforcement
court categories

40

labor court
categories

40

commercial
court categories

Saudi National
Day 91

Launching Tanfith enforcement system

The Ministry of Justice has launched Tanfith enforcement e-system at all enforcement courts in order to enhance the quality of work, improve performance, and save clients time and effort.

Features

01

Integrates over 5
systems into a single
advanced system

02

Provides smart
notifications

03

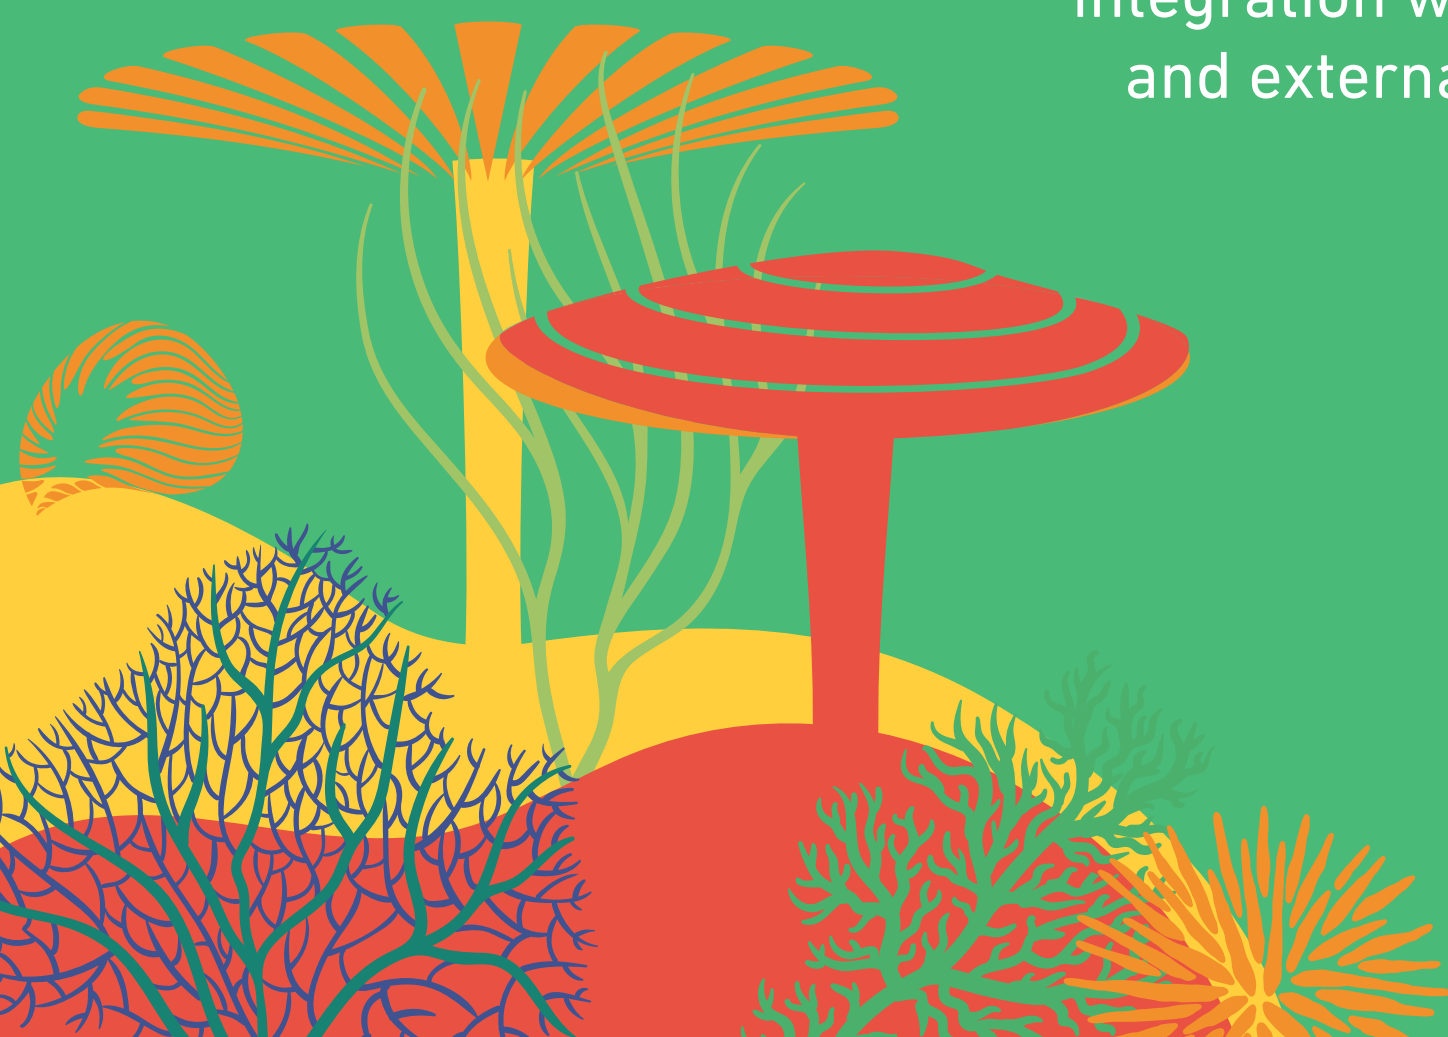

Prepares decisions
automatically

04

Classifies applications
automatically

05

Enables electronic
integration with internal
and external entities

Saudi National
Day 91

Cancelling

freezing of public e-services

The Ministry of Justice has limited the freezing of public e-services to financial transactions under the Enforcement Law. The Minister has also approved controls for enforcement-related detention, taking into account the debtor's age and family circumstances.

**Today public e-services are
not suspended for anyone**

Paperless enforcement courts

Enforcement courts have dispensed with paper after the implementation of the Paperless Court project at all enforcement courts.

What's new?

The enforcement applicant can go through all stages of the application electronically without having to visit the enforcement court.

The enforcement debtor can also make use of e-services including e-payments through invoice numbers so that sanctions are immediately lifted.

Saudi National
Day 91

Controls for limiting financing violations

Under the Law of Monitoring Financing Firms, controls have been approved for limiting the practice of unlicensed financing to ensure accurate detection and swift trial of violators.

Goals

- Protect the economy
- Prevent the exploitation of the public's needs through unlicensed financing
- Limit the exploitation of the public's needs through excessive financing

Electronic payments

The Ministry of Justice has enabled automated verification of IBANs during the filing of enforcement applications in order to ensure the reliability and speed of e-payments through the Najiz.sa portal.

Features

The service has spared clients the need to visit enforcement courts and eliminated several time-consuming procedures. It facilitates transferring the amount directly to the applicant's bank account.

Saudi National
Day 91

Nafith

platform for enforcement instruments

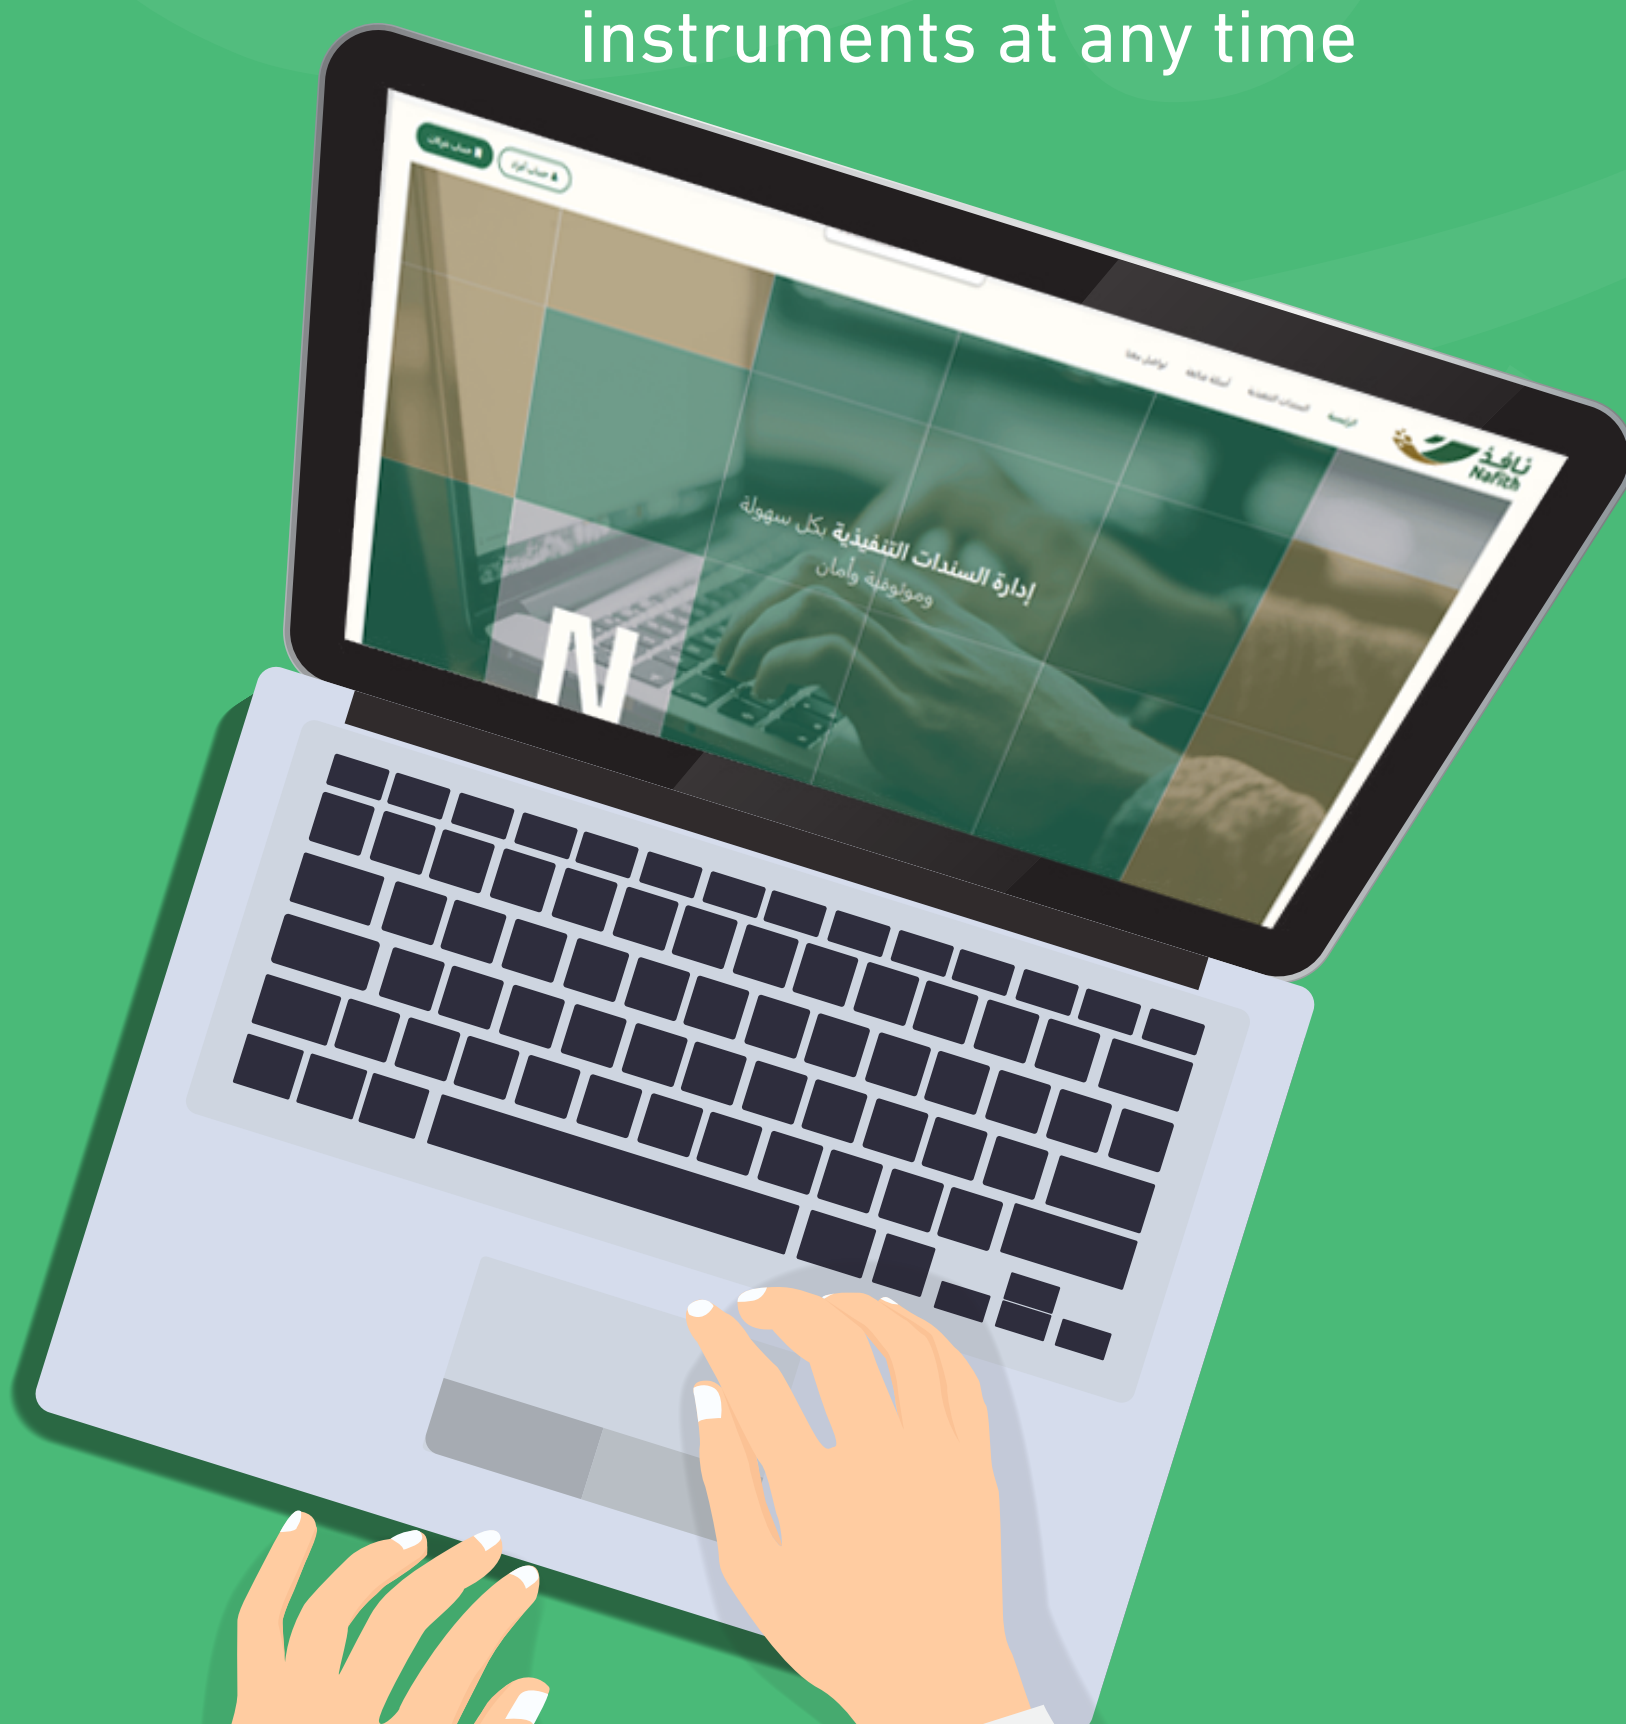

The Ministry of Justice has launched Nafith platform for enforcement instruments, which enables individuals and corporations to electronically create, save and manage enforcement instruments.

Features

Ensures secure
and reliable
environment

Provides fully
electronic
operations

Enables issuing
enforcement
instruments at any time

Saudi National
Day 91

e-Auction platform

The e-auction platform enables courts to conduct auctions electronically, and allows bidders to log in and make bids directly.

Features

Gives bidders
equal
opportunities

Enhances the
principle of
transparency

Saudi National
Day 91

Judicial Support Center for the enforcement judiciary

The Ministry of Justice has launched the Judicial Support Center for the enforcement judiciary as an operational arm for enforcement courts.

Goals

01

Verify enforcement applications and ensure fulfillment of requirements

02

Expedite and improve the work of enforcement courts

03

Verify disputes and bankruptcy applications

04

Follow up on enforcement procedures

05

Prepare the decisions and measures of enforcement panels

Saudi National
Day 91

Support and Liquidation Center

The Support and Liquidation Center aims to achieve cooperation among judicial and government authorities in tasks related to liquidations and sales by assigning them to the private sector in a transparent and competitive manner. The goals include

01

Preserve the value of
assets

02

Achieve swift justice
and expedite the
restoration of rights

03

Raise level of client
satisfaction

04

Contribute to economic
development and
support of SMEs

Saudi National
Day 91

Shaml

initiative

In cooperation with nonprofits, the Ministry of Justice has set up about 54 centers throughout the Kingdom for implementing child custody and visitation rulings under the Shaml initiative.

Goals

01

Provide social and emotional support to parents and children

02

Protect the rights of children in custody

03

Provide a safe environment for children

04

Ensure the privacy of families

05

Support coordination with parents

06

Raise the quality of services

Recognizing Ejar e-leases as enforcement instruments

The Ministry of Justice has announced that the leases registered on Ejar network are recognized as enforcement instruments. This enables the client to directly file an application with the enforcement court for the payment of dues or vacation of property without having to file a lawsuit with the general court.

Benefits for tenants

01

Ensuring
authentication of
leases

02

Ability to file to the
enforcement court
if the lessor violates
the lease terms

Saudi National
Day 91

New Law of Notarization

The Notarization Law has been issued to organize the procedures for notarization so that it can be used as proof. Title deeds and contracts certified under the Law are recognized as enforcement instruments.

What will be achieved?

01

Enhance real estate security

02

Boost the reliability of title deeds

03

Protect rights by certifying contracts

04

Increase private sector participation in notarial operations

What's new?

A number of declaration-related powers of courts have been transferred to notarial offices in order to enhance client experience, including the notarization of divorce, khul', divorce revocation, waqfs and wills.

Saudi National
Day 91

Electronic powers of attorney

The Saudi Ministry of Justice has enabled issuing electronic powers of attorney of all types through the Najiz.sa portal through simple and secure steps. The average time for completing the process is about 10 minutes. The Minister of Justice has also made the service available to people who have never issued a power of attorney, and extended validity from three months to 12 months.

Benefits

It does not
require visiting
notarial offices

It dispenses
with paper

It has served about
6 million clients
since launch

Steps

01

Log into Najiz.
sa portal

02

Enter your
Absher login

Saudi National
Day 91

Revoking territorial jurisdiction for property title deeds

The Minister of Justice has revoked the territorial jurisdiction for property title deeds throughout the Kingdom.

Controls

01

Applies to property title deeds issued under the Comprehensive Property Title Data System

02

Limited to sales, gifts, liens and lifting of liens for the entire property

03

The title deeds must include parcel numbers and must be located in approved plans

04

The area must not exceed 10,000 square meters

05

The transaction parties must be Saudi nationals

Saudi National
Day 91

Central Support of Notarization

The Central Support of Notarization has started its work as an operational arm for the Ministry's Division for Property Notarization and Registration. The unit is operated by well-qualified staff and works as a channel for cooperation with internal and external authorities.

Goals

01

Support digital transformation of notarial services

02

Govern e-service procedures

03

Verify and certify notarial applications

04

Adopt tech supporting smart systems

05

Explore areas for improvement

06

Reduce dependence on human intervention

Saudi National
Day 91

Marriage e-Contract

The Ministry of Justice has launched the marriage e-contract service, which is provided in a secure and user-friendly manner, and aims to create a major transformation in the registration of marriages in the Kingdom.

Goals

01

Certify information
electronically

02

Automate
procedures for
marriage contracts

02

Enhance the quality
of services

Saudi National
Day 91

Digitization

of property title deeds

The Ministry of Justice has allowed the digitization of property title deeds without having to provide the original paper title deed and without having to visit the notarial office. Scans of documents can be filed at

aqari.moj.gov.sa/du

Goals

01

Upgrade notarial
services

02

Abridge procedures
and requirements

03

Enhance the quality
of services

04

Increase digital
transformation

Saudi National
Day 91

Digitization of property title information

The Ministry of Justice has enumerated 100millionarchivedpropertydocuments and started to digitized them under the initiative for the digitization of property title information.

Goals

01

Develop procedures and forms related to property notarizations

02

Streamline property notarization services

03

Track all transactions conducted on a property

04

Fast-track sales and liens

05

Provide a secure electronic environment for verifying property title

47 million documents have been digitized so far.

Saudi National
Day 91

Taradhi platform

The Ministry of Justice has augmented the conciliation system with a set of services and decisions aiming to increase the percentage of settlement through conciliation to 25% of total cases.

The Ministry has launched Taradhi platform to provide conciliation services remotely, and inaugurated the model conciliation center in Riyadh.

Benefits

01

Reduce the
influx of
lawsuits

02

Fast-track
settlements

03

Employ modern
tech and provide
easy services

04

Create a digital
system through
model conciliation
offices

05

Provide alternative
means for dispute
resolution

Conciliation path for commercial cases

The conciliation system at commercial courts has granted entities the opportunity to settle disputes out of court through swift and easy procedures that safeguard rights.

Steps

01

The conciliation application is referred from Najiz, Taradhi or courts.

02

Session dates are set and the parties are notified

03

Sessions are held at the conciliation office or remotely

04

Application is registered and given a number

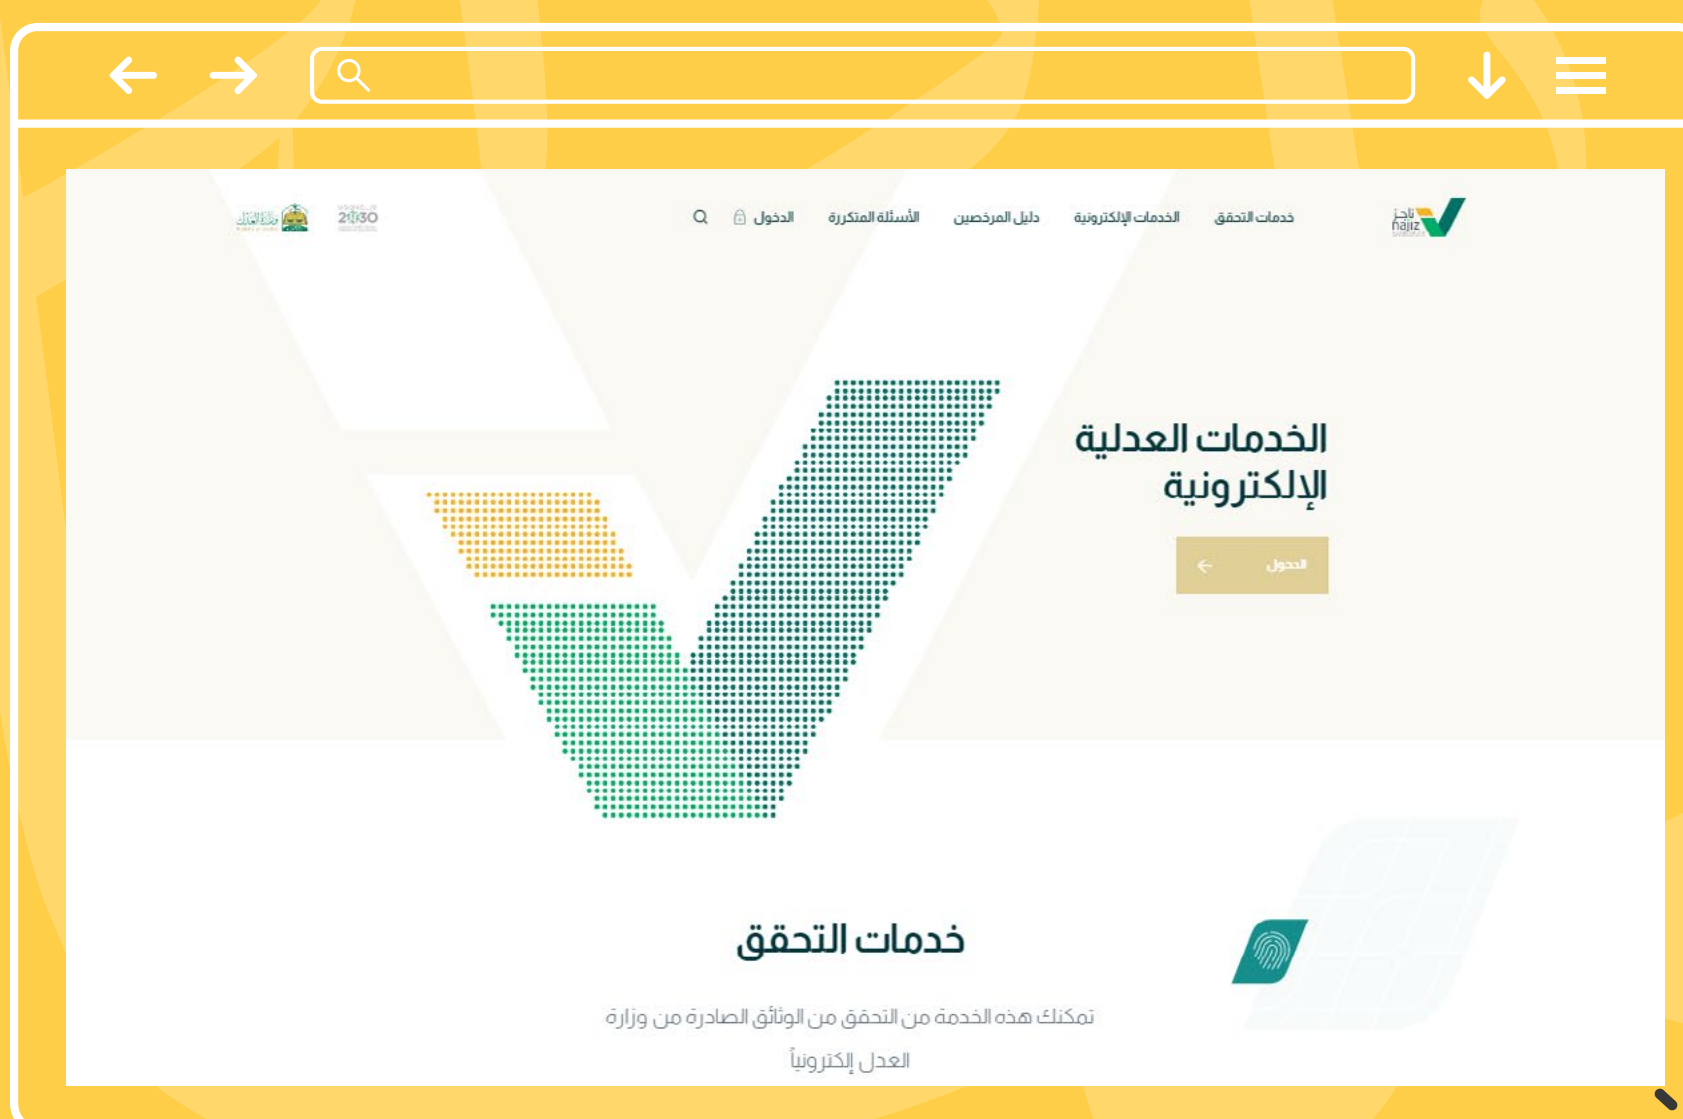

Saudi National
Day 91

Najiz

is at your service

The Ministry of Justice has launched the Najiz.sa portal, which provides 120 e-services that spare clients the need to visit courts or notarial offices.

Goals

01

Make the Ministry's services easy and straightforward

02

Enable quick access to information

03

Spare clients time and effort

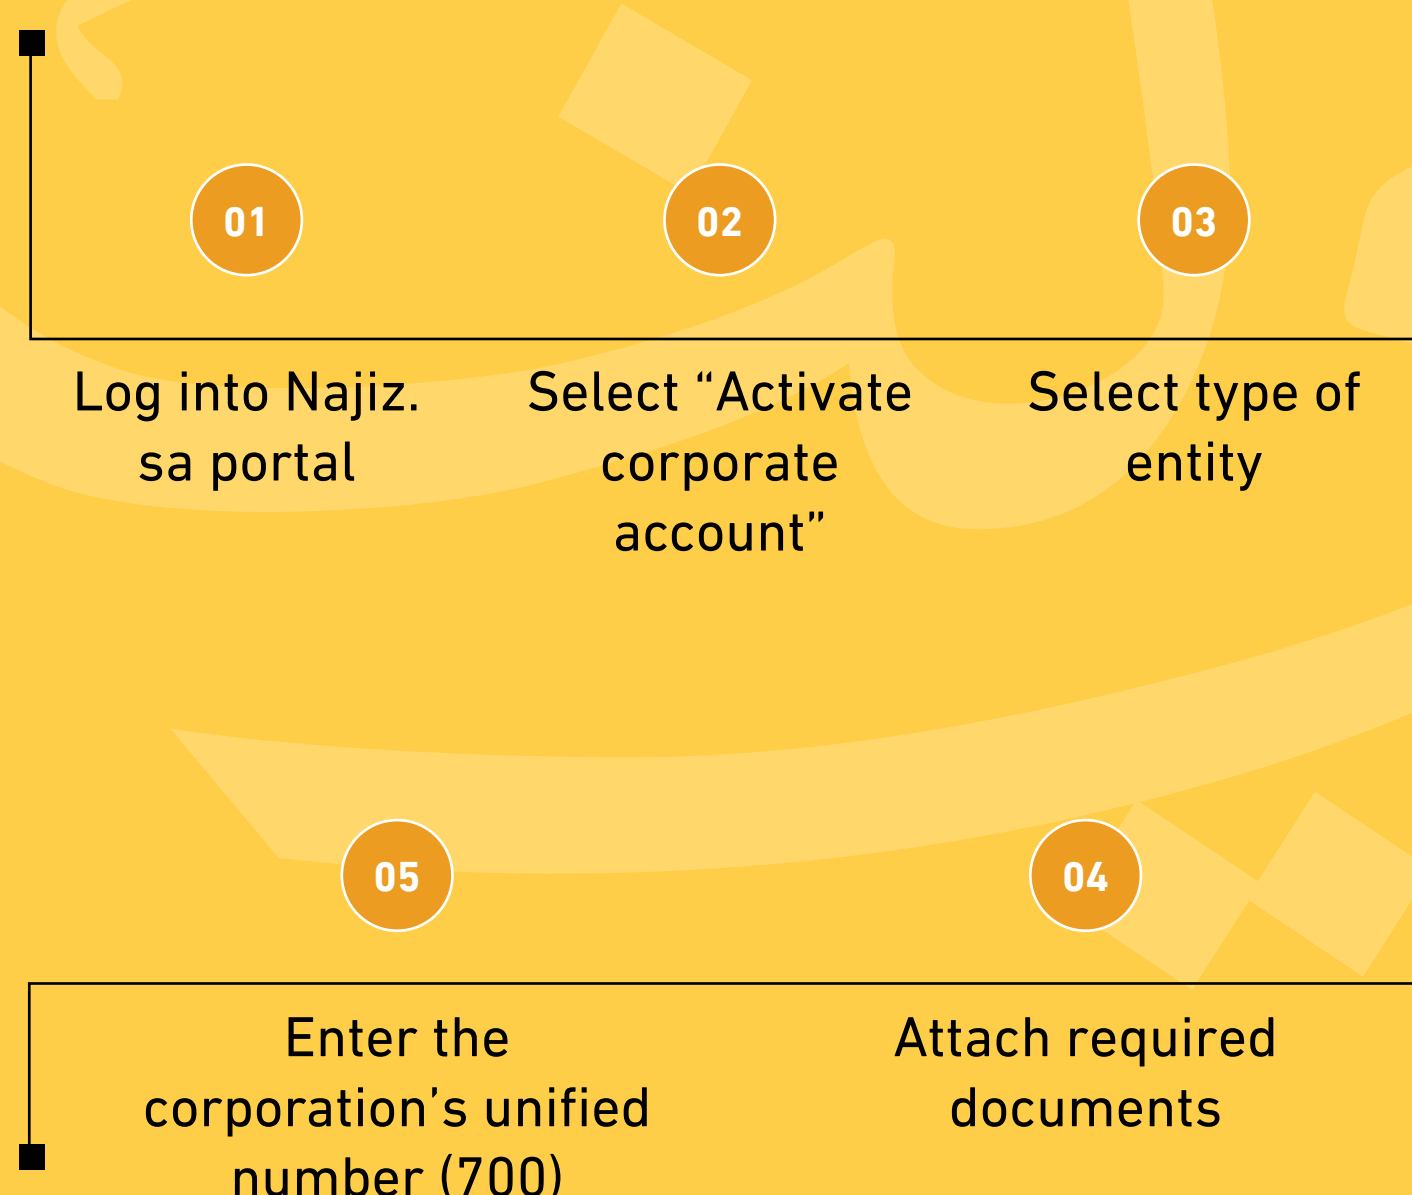

Saudi National
Day 91

Corporate accounts

The Ministry of Justice has launched the corporate accounts service through Najiz.sa portal, aiming to enable corporations to get the services they need easily and efficiently.

How to activate a corporate account on Najiz.sa?

Saudi National
Day 91

Employment of women

The Ministry of Justice has increasingly empowered women as staff members, lawyers, notaries and mediators.

01

Appointing women
as notaries public

02

Registering women
as mediators in the
conciliation process

03

Employing
women as legal
researchers,
assistants and
senior software
developers

04

Increasing law
practice licenses
granted to women
to 240%

05

Launching law
practice diploma
to provide women
with qualifications

06

Granting women
private notary
licenses

Saudi National
Day 91

Promoting women's rights

The Ministry of Justice has promoted women's rights through several decisions.

Major decisions

01

Prompt implementation of maintenance and child visitation and custody rulings

02

Using electronic fingerprinting for identification at various agencies

03

Giving divorcée's alimony priority over other debts

04

Certifying entitlement to social insurance pension for the families of absent, missing or deserting men

05

Dropping cases demanding the compulsion of woman to return to her husband's home

06

Notifying women of any changes to their social status through an SMS

07

Requiring marriage contract registrars to hear verbal consent of women

08

Applying new travel regulations to child custody certificates

Saudi National
Day 91

Alimony fund

The ministry of justice launched the alimony fund in order to ensure that the targeted segments receive the financial support needed during and after the end of a dispute.

Alimony vision

To be a leading fund in providing alimony for families during the litigation period and ensure sustainability and development of financial resources.

Saudi National
Day 91

Connectivity with 63 entities

The ministry of justice is connected with 44 entities and in the process to include 19 new entities to exchange instant data and digital services.

Most important features:

01

Obtain data from
original sources

02

Enhance user experience
by minimizing data entry
errors

03

Contributing to the
government digital
transformation

04

Speed and efficiency
in ministry work
procedures

05

Save time and effort for
beneficiaries by reducing
visits to judicial entities

Saudi National
Day 91

Judicial command center

The ministry launched this center to follow and record performance indicators digitally for courts, notarial offices and other ministry departments.

Center features:

01

Enhance achievement levels

02

Daily operational and strategic follow ups

03

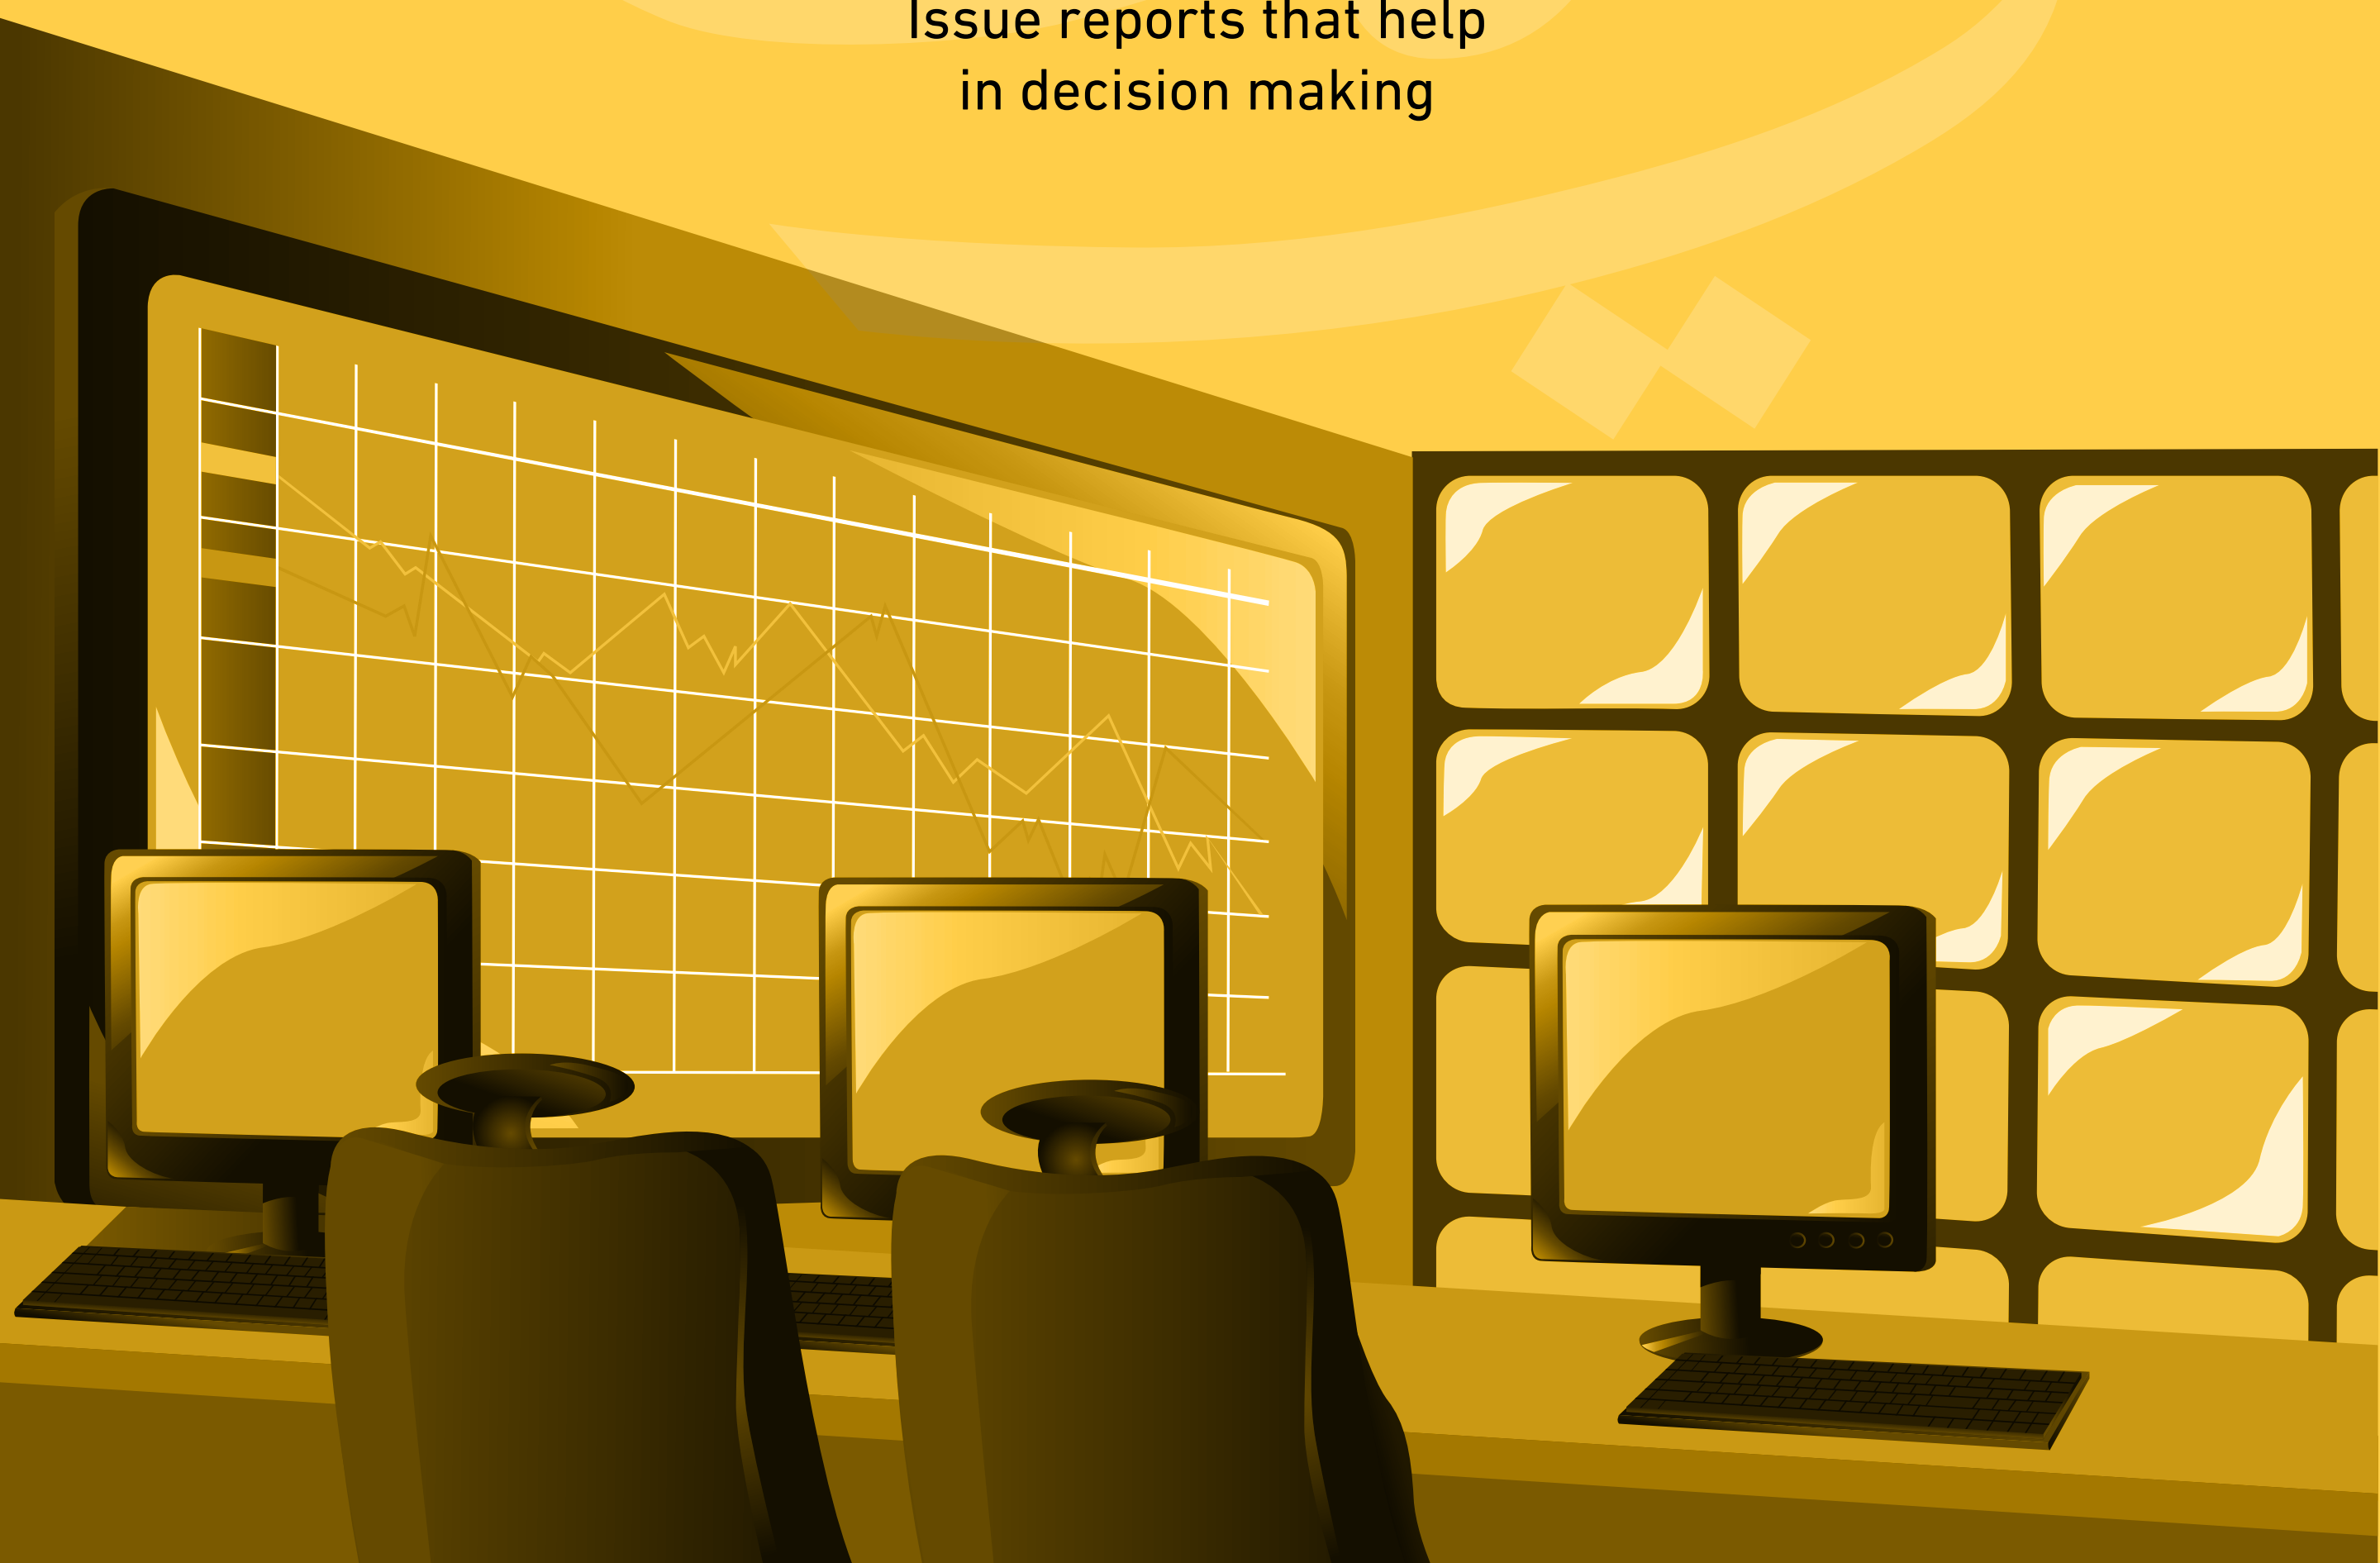

Fast response to serve clients

04

Contribute to the development of judicial services

05

Issue reports that help in decision making

Saudi National
Day 91

Najiz center

The ministry of justice launched Najiz center for judicial services, the center has been launched in partnership with the private sector. It is aimed to serve business owners and individuals and provide high quality services under one roof in a professional environment.

Most important services:

01

Statement of claim

02

Enforcement
applications

03

Property conveyance

04

PoAs'

05

Legal advice from the
Saudi Bar association

Saudi National
Day 91

Labor calculator

The ministry of justice launched first edition of the labor calculator to help beneficiaries know their labor rights according to labor law

The calculator objectives:

- 01 Accurate calculations of labor related dues
- 02 Fast implementation of rights in accordance to labor law
- 03 Speeding up work procedures in labor courts

Features:

- 01 Inclusiveness of most important labor rights
- 02 Easy service performance
- 03 Ability to print results

Saudi National
Day 91

Remote trials

The ministry enabled remote trials for inmates in order to minimize the litigation time and effort while maintaining judicial guarantees

What are the advantages of trials?

01

Audio-visual system connected to trial halls inside prisons with the ability to connect the interpreter with inmate in one session

02

Display screen connected to the prison and allowing inmates to view cases through Najiz portal

Saudi National
Day 91

Inmates can issue PoAs' electronically

The service contributed to:

01

Preserving the
privacy and
confidentiality of
inmates

02

Maintaining
health and
security
measures

03

Facilitate
documentation
procedures

Saudi National
Day 91

Electronic platforms for judicial training

The justice training center launched a number of electronic platforms which include the electronic portal for the center, smart phones app, e-training platform.

What do those platforms offer?

01

Automate interaction
between trainer and
trainee

02

Conduct exams
electronically

03

Boost educational
output quality

04

Manage training
sessions
electronically

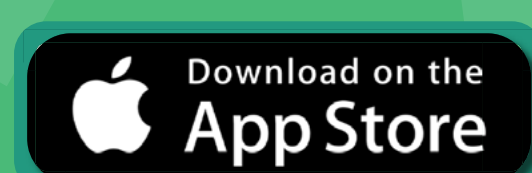

Saudi National
Day 91

Mwathiq service

The ministry of justice has partnered with the private sector to improve notarial services, it launched mwathiq service to help clients perform notarial operations around the clock through certified notaries

How to benefit from the service?

- ▶ Through **mwathiq.sa**
- ▶ Through the app

Offered services

01

Property
conveyance

02

Issue or
cancel PoAs'

03

Mortgage
conveyance

04

Correction of
title deeds

05

Mortgages

06

Undo the
mortgages

07

Financial
declaration

08

Company contracts
notarization

Saudi National
Day 91

Qayyim

The ministry of justice has developed Qayyim platform to enable evaluation of services in courts, public notaries and other judicial entities. The second edition of the platform measures clients' satisfaction.

New edition features:

01

Covers all
judicial
services

02

Monitors
beneficiaries'
feedback

03

Activates secret
beneficiary
inside judicial
entities

04

Measures the quality of services,
procedures, the service environment
and the quality of judicial staff dealing
with beneficiaries, using tools and high
quality technology.

05

Issues
flexible
reports

Saudi National
Day 91

Prohibiting minors' marriage documentation

The justice minister issued a circular to courts and marriage registrars to prohibit issuing marriage contracts for males and females who are less than 18 years of age

What is the competent authority?

Those applications are referred to a specialized court to complete procedures in accordance with child protection law

Saudi National
Day 91

E-complaint

The Supreme Judicial Council has launched this service to enable clients to send their complaints in order to improve quality of services.

Where to complaint?

The Supreme judicial council www.scj.gov.sa

Service features

Fully electronic

Ability to follow up on the complaint and view all related notifications

Saudi National
Day 91

Digitizing lawyers' services

The ministry of justice enabled the lawyers (both practicing and trainees) to obtain services electronically through Najiz portal without having to visit the ministry.

Most important services:

01

Law practice license
issuance and
renewal

02

New trainee
lawyer

03

Transfer of trainee
lawyer from one
office to another

04

Discharge of
trainee lawyer

Saudi National
Day 91

Spreading legal culture awareness

The ministry of justice has launched the spread of legal culture awareness program under “highlighting the advantages of judiciary and spreading legal culture awareness” initiative

Its objectives:

01

Raise awareness among women about their legal rights

02

Explaining the way to make use of the services and procedures

03

Highlighting the ease and efficiency of using the services

04

Enhance awareness of the judicial system and how it works

Saudi National
Day 91

Judicial questions directory

The ministry of justice has published around 400 FAQs' which were asked through its twitter account and provided the answers for all those questions.

What are the objectives?

01

Raise awareness of
the society

02

Boost legal
knowledge

03

Highlight the new
services and how to
make use of them

Saudi National
Day 91

Involving the private sector in services related to enforcement

Judiciary

The ministry of justice has developed procedures and rules to involve the private sector in the enforcement procedures through Nafith platform. This platform allows individuals and businesses to create and save executive deeds electronically in a safe environment in order to speed up the enforcement process for those deeds.
